SAN LORENZO NORTH ONE

Interiors created by Pure Allure Interior

A FUSION OF CLASSIC & CONTEMPORARY

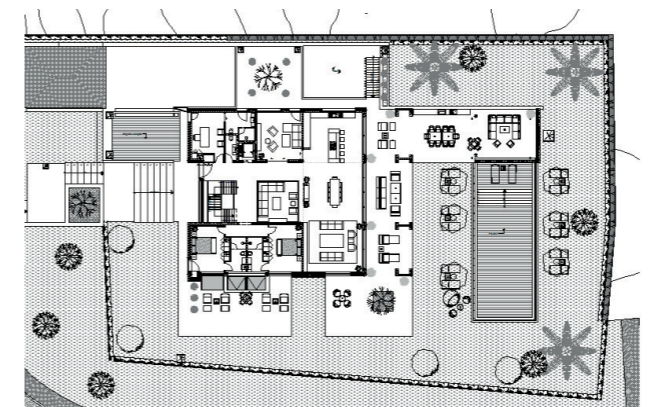

This spectacular new-build villa in San Lorenzo North, taking advantage of this exceptional golf front location. The design, by renowned local architect João Cabrita, follows a contemporary brief, while retaining details from more traditional Quinta do Lago architectural styles. The property successfully harmonises with its pine grove, golf-front setting, in fusing modern with classic, boasting light and spacious living areas. The villa develops over three floors, revealing a total of five bedroom suites alongside features such as the double-height atrium, a lift, and a basement, including gym, home spa, games room, bar, cinema and double garage. Outdoors a series of al fresco living and dining areas are joined by a large heated pool. And finally, the roof terrace elevation offers exceptional views across San Lorenzo golf course, towards the ocean and nearby nature reserve.

SPECIFICATIONS

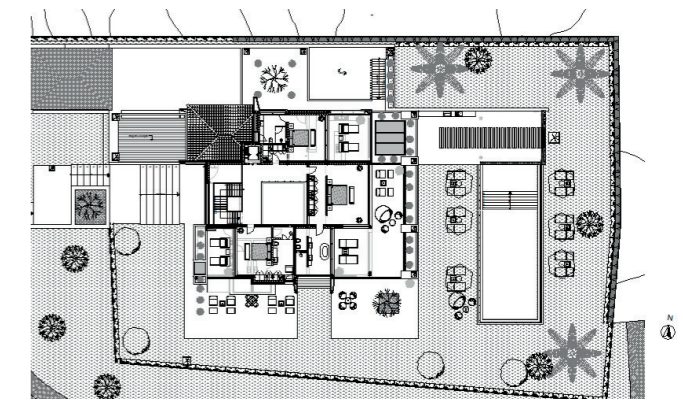

- New build
- Master bedroom suite
- 4 guest en-suites
- Open plan living room
- Fully fitted kitchen
- Office
- Basement
- Home cinema
- Intelligent home system
- Gymnasium
- Spa
- Outdoor kitchen
